

Titan Property

Patch.CurrentUserNumber

API	https://api.avolites.com/19.0/api/Patch.CurrentUserNumber.html
description	The user number the next patched fixture will obtain.
Namespaces	Patch
type	AcwUserNumber

example

```
<step>ActionScript.SetProperty("Patch.CurrentUserNumber",  
userNumber:999)</step>
```

This sets the userNumber to 999 which will be assigned to the next patched fixture.
