

Titan Property

Playbacks.Editor.Times.ChaseXFade

API	http://api.avolites.com/11.0/Playbacks.Editor.Times.ChaseXFade.html
description	Gets or sets the chase X fade.
Namespaces	Playbacks.Editor.Times
type	Float

example

```
<step  
pause="0.01">ActionScript.SetProperty("Playbacks.Editor.SelectedPlayback",  
handle:"chaseHandleUN=19160")</step>  
<step  
pause="0.01">ActionScript.SetProperty("Playbacks.Editor.Times.ChaseXFade",  
0.2)</step>
```

A chaser is selected based on the [userNumber](#). Then the ChaseXFade value is set as intended.

used in

- [Chase - Change a chaser's XFade](#)
