

Personality Sources

The central point to get the most recent personality library is <http://personalities.avolites.com/> - this library is frequently updated. Here you can also request new personalities, and can browse the library. More often than not you'll find that a certain fixture already exists under another name, by another brand. In order to update your personalities, download the package for your console, run it on the console - which will copy all the files to their correct folders - and restart Titan. That's all.

Another source of knowledge is the [personality section of the forum](#). Here you get advice about particular details regarding personalities - and if it is niclights who answers then you better listen carefully: he is the one who creates most of the personalities today.

Another interesting thing is the [Advanced Personality Search](#): this allows to search for fixtures with a particular channel layout, e.g. for fixtures 'with 19 channels, 1=Pan, 6=Dimmer, 8=Red, 11=White' Search and result might look like this:

Avolites Advanced Personality Search

Search fixtures, based on channel definitions. Fixtures are searched from the latest [Avolites Personality Library](#) (latest sync: \$\$\$)

Terms of use

- it's a privately hacked little tool, not Avolites-approved
- no warranty, no liability
- a temporary cookie is required, and the webserver keeps the usual logs - no private information
- you can search for fixtures with a designated dmx channel count or layout

Any feedback to s-beutel@gmx.de is appreciated.

Find fixtures (query parts are concatenated with AND)

• with string in name (manufacturer or model)

• with number of channels and cells(subfixtures)

• with / without pan on channel

• with / without dimmer on channel

• with / without red on channel

• with / without white on channel

• with / without AtlaBase/Capture ready
